

# An Exceptional Dog - CH Carnig Positive Profile

by Tony Brindley

**Frank won nine Kennel Club Challenge Certificates and eight Reserve K.C. C.C.'s. One of the C.C.'s was won at Crufts in 2006 and one Reserve C.C. was from veteran class.**

Probably the climax of his show career was when he gained the Best Veteran at Crufts in 2011 where judge Tony Brindley also made awards to two of his sons. The C.C. going to Ch. Back in Black and the

Reserve C.C. he awarded to Foxstaff Positive Magic, who soon afterwards achieved the status of Champion.

The intelligent Frank was the friendliest of dogs, a true gentleman of the breed, but a true Stafford when the need arose.

From 2006 to 2011 Ch. Carnig Positive Profile was the top Stafford Stud dog. Six years running; an incredible feat. Also in 2011 he was top terrier stud dog.

Although his owners, Brett and Sue Lay were very selective with allowing only suitable bitches to be mated, he served fifty three of them in his lifetime. He was very much in demand due to the quality of the litters that he had sired.

The quality being so abundant in his offspring that fifteen of them became Champions and there is still one bitch awaiting the third K.C. C.C. If she makes the status of Champion the record of Ch Black Tusker will be equaled.

In addition Frank sired the first Champion of Jersey, Ch. Granitangle Zircon along with U.K. & Irish Champion Lackyle Diabhal Dearchlo.

Another successful mating produced Swedish Champion and World Champion Crudha Domhan Daan.

Champion Carnig Positive Profile was a wonderful ambassador for the breed and will be remembered, written about and talked about for a very long time.
